

Electronic cards

AC24
Controller card
Accessmatic Accesscomand24
For Eagle and Falcon swing motors. 110V power supply, 24V arms output, built-in battery charger.

AC265
Controller card
Accessmatic Access-comand265,
For central motors such as armadillo and tubular, Flex-volt technology that provides input voltage from 95-265v , used for 110v and 220v ac motors.

RS925K
Controller card
Accessmatic RS925K
For central and tubular motors of all brands; 110-250V; Includes 2 remote controls.

HR42
Access-command controller card
For 110v hulk engines, Includes: 2 receivers and input for photocells.

HD100250
Controller card
Accessmatic hd100250
multi-voltage 100 - 250v controller card for 1 or 2-leaf electromechanical and hydraulic swing doors, with soft opening and closing stop and integrated multi receiver.

SL1124
Electronic card
Accessmatic SL1124
For 24V sliding motors; 110V power.

SL100250
Controller card
Accessmatic SL100250
For multi-voltage 100-250V sliding motors; With soft start and stop.

Remote control / Push buttons

ALH2
Accessmatic remote control
433 mhz control with two buttons.

ALM4
Accessmatic remote control
Control of 4 channels of 433mhz. With clip.

ALR4
Accessmatic remote control
433 mhz control with two buttons.

T4
Accessmatic remote control
Control of 4 channels of 433mhz. With clip.

S4
Accessmatic remote control
4-channel 433 Mhz,Compatible with Bulldog 1100.

ALR5
Accessmatic remote control
4-channel 433 Mhz remote control. Compatible with Fox1000 engine.

ALHK4
Accessmatic remote control
4 channel 433 mhz accessmatic remote control; compatible with Hulk engine and HR42 receiver.

AL349D
Accessmatic remote control
Accessmatic 4-channel clone / copier remote control. Frequency 433 - 868mhz. Without Dips.

AL3900U
Accessmatic universal remote control
3-channel universal accessmatic remote control, frequency 300-868 mhz.

ALN6
Accessmatic remote control
6-function v433Mhz, compatible with Avanti and Avalon heads.

AP34
Accessmatic button Access-pulse
Accessmatic button, access-Pulse, 2 buttons, 433 MHz.

AP36
Accessmatic button Access-pulse
Accessmatic button, access-Pulse, 3 Buttons, 433 MHz.

Receiver

AH45
Universal receiver Accessmatic Accesshub 500. Ability to memorize up to 500 controls. Rolling code technology, 2 channels.

3190LM
Universal receiver Accessmatic Two-channel with frequency of 315-430Mhz capacity to memorize up to 500 controls.

AH2C3090
Universal receiver Accessmatic Accessmatic 300-900 mhz universal receiver, 2 channels, 500 codes

WS902
Universal Wifi Access-net Module Serves with all accessmatic motors, 90-250V AC power and 9-30V DC; with 3 pulses, compatible with smart home app.

Photocells / Sensors

AE20
Accessmatic Accesseye 20 Photocells 20 meters of outdoor range, work from 12-24v.

AE30
Accessmatic Accesseye 30 Photocells 30 meters of outdoor range. They work from 12-24v. Adjustable to 180 degrees.

AE21b
Accessmatic Accesseye21b Photocells 20 meters of 180° adjustable range with battery, compatible with all accessmatic and beninca engines.

AE25
Accessmatic Photocells Photocells for hulk access command controller card

AE28
Accessmatic Accesseye28 Photocells 20 meters range, adjustable and compatible with all Accessmatic and Beninca engines

RT15
Reflex15 Photocells Reflex15 photocells with a range of 15 meters. Ideal for commercial engines and electronic barrier barriers. 12-30v

RT2415U
Accessmatic reflex15 Photocells 15 meters, ideal for commercial engines and electronic barriers. Power supply 12- 36v DC / 10-24v ac range up to 15 m. protectors included.

LD500
Metal body sensor. Access-loop 500, 220v metal body sensor.

LD5242
Metal body sensor. Access-loop 5242, 24v two-channel metal body sensor.

MN20
Access-Motion motion sensor Detects movement through microwaves, It is suitable for all types of heads.

V515
Accessmatic Access-vision45 dual technology sensor with motion sensor and presence detector. It is suitable for all types of heads.

AE15
Accessmatic Accesseye mini photocell For automatic heads / doors. It works for all brands.

Backup battery

ACCESSFUEL
Accessmatic backup battery For Eagle swing motor.

AF24G
Accessmatic backup battery Accessmatic Accessfuel24g backup battery for Elite, Shark, Raptor and Fox engines.

BBA
Support Accessmatic backup battery For Shark, Raptor, Cobra 3424 engines.

AF2X
Accessmatic backup battery For Eagle swing motor.

AF4X2
Accessmatic backup battery Accessmatic backup battery for Avanti head.

FB45
Accessmatic backup battery For Bulldozer 800 sliding engine.

Key selector

SELETTORE1

Accessmatic key selector
Ideal for central roller blind motors.

FS05

Accessmatic multifunction selector
For Avanti heads.

BL05

Accessmatic safety box
For central motor locking.

SELETTORE2

Key selector
For central motors.

BL.BS

Brake selector and release
For BL.BS central roller blind motors.

EL12

Electro vertical lock
Accessmatic 12V.

Accessories

SB4

Parachute brake
For Hulk 400 engines.

SB9

Parachute brake
For Hulk 700 and Hulk 900 engines.

AA33 AA42 AA48

Adapter for motor shaft
Armadillo 32/42/48 mm
(1,1/4", 1,5/8", 1,7/8 inches).

CH1

1 meter of additional chain
For Hulk engine.

CMBL

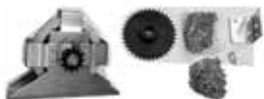

Mechanical lock in arms opening
Accessmatic hydraulic.

FL85265

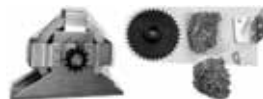

Universal lamp AC/DC LED
Operating voltage: 85-265VAC or 12-24VAC / DC
Load capacity: <2.5W, flashing frequency: 1HZ,
working temperature: -20° ~ + 60 °, intellectual
property level: IP54, size: -90 * 125mm
weight: 159 g.

Rails, Zippers, Bars

4010

Manual-winch opening system
3: 1 ratio (36/12 Teeth) for 12M ^ 2 doors.

4006

Manual-winch opening system
4: 1 ratio (36/9 Teeth) for doors of 20M ^ 2.

RIM4P

Plastic zipper in sections
1 meter. Recommended for doors
up to 600kg.

RIM4F

Medium rack steel
galvanized module 4, sections of 1 mt long.
Recommended for doors weighing
up to 1200kg. Includes fixing bolts.

RIM4Z

Medium rack steel
galvanized module 4, sections of 1 mt long.
Recommended for doors weighing up
to 1200kg. Includes fixing bolts.

CAR10/CAR10SH

1 meter rail extension
For Raptor, MG700, Shark 100 garage engines.
Includes: 1 meter long connector, chain and rail.

FEX10

Extension of 1 meter
"T" rail for Fox 1000Pro garage engines.

RCBLT3

"C" rail
for Fox 1000Pro garage engines.

RT3FX

T rail
For Fox 1000 engine comes in 3 parts
with trolley and connectors.

AXBRGM

Arm for barrier
Accessmatic,
6 meter.

AXBR4M

Arm for barrier
Accessmatic,
4 meters.

AXBR3M

Arm for barrier
Accessmatic,
3 meters.

GC02

Glass clamp with aluminum cover
1 meter. Serves all heads.
